

## New Product release: MH Series PUMPS

Franklin Electric, a global leader in ground water pumping and water pressure solutions, is pleased to announce the release of our horizontal multistage pumps, the MH Series.

Before you ask, yes it looks like another pump. Well that's because that pump uses our components. The MH pump is manufactured by Franklin Electric in our plant in Italy. Franklin Electric is one of the world's leading manufacturers of stainless steel pumps and pump components. You would be surprised who utilizes our quality stainless steel pressings in their pumps.

The MH series features:

### **3, 5, and 9 m<sup>3</sup>/h curves** **Suitable for potable water** **Proven design and hydraulics**

- All 304SS hydraulics
- Flow and head up to 14 m<sup>3</sup>/h, up to 10 Bar
- 10 Bar max working pressure
- Single phase pump and motors
- 3 Phase pumps and motors

Certified for use by Brisbane City Council.

It not just a bare pump, we offer the lot and more.  
PressControllers; 1.5 and 2.2 Bar  
MasControllers  
Telemecanique Pressure Switches  
Pressure Tanks: 8, 18, 35 and 60 litre systems  
Bases and Covers.

### **We also have PEP waterproof leads;** **“Plug En Pump”**

All MH pumps and leads features our IP67 male and female water proof connector rated to 1 metre submergence.

No more electricians or disconnect licence required!  
Do the lot yourself or your customers can with our PEP lead system.  
Quickly replace a controller or switch, it's easy with our PEP connections.

We have quality Italian made PressControllers, PressControl Time for a timed restart and MasControllers for higher flow applications.

We have Telemecanique XMP pressure switches, available as a basic switch without leads or fitted with our PEP male female connector leads for that fast Plug En Pump.

Need to save more time, then get the MH pump mounted on a base with cover. Available in 4 colours. We even bolt the pump onto the base for you!

Pricing for the MH Series pumps is attached and will be included in our next Price List reprint. A Product Data booklet with performance curves along with a Sales brochure is attached and in the post to you.

Your Franklin Area Sales Manager can assist with any questions or pump selections.

Pumps, Controllers and accessories that are *“better for your business”*
