

New Product release: DrivE-Tech

Franklin Electric, a global leader in ground water pumping and water pressure solutions, is pleased to announce the release of DrivE-Tech from E-Tech®, a member of the Franklin Electric Group of Companies.

DrivE-Tech is a new generation in Variable Frequency Drive flexibility optimized for horizontal, vertical multistage and submersible pumps for Constant Pressure Systems and is electronically tailored for pumps. Easily control pumps in Industrial, Building Services, Commercial, HVAC, Domestic and Irrigation applications.

DrivE-Tech features:

- Compact design
- IP55 (NEMA4) die cast aluminium enclosures
- C Tick approved
- 1.1 to 11kW motors, 50-60 Hz ($\pm 2\%$)
- Push button menu, LCD display.
- Display head with 4 positions
- Motor mount kit (supplied as standard)
- Wall mount kits with external cooling fan
- 230V or 415V input power
- 4 analogue inputs 4-20 mA, 10 or 15V
- Settable digital output signals
- 4 digital inputs, NO or NC settable
- RS485 serial communication

Multiple combinations:

- 1 DrivE-Tech with 1 pump plus 1 or 2 more pumps
- 1 to 8 pumps in parallel and each one wired to a DrivE-Tech
- For 1 up to 8 DrivE-Tech with same number of pumps plus additional 1 or 2 pumps

Pricing for the DrivE-Tech is attached and will be included in our next Price List reprint. A DrivE-Tech sales brochure is attached and in the post to you.

Your Franklin Area Sales Manager can assist with any questions on DrivE-Tech.

Pumps, Motors, Drives and Controls that are *"better for your business"*
