

## Product release: Multistage Pump Sets

Franklin Electric, a global leader in ground water pumping and water pressure solutions, is pleased to formally announce the extension of our FPS VR series vertical multistage pumps with single, duplex and triplex pump sets.

VR base ups offer a highly professional pump set in various combinations of pumps, bases, and drives, all prewired and ready to be installed for Industrial, Building Services, Commercial, HVAC, Domestic and Irrigation applications.

VR base ups feature:

- Compact design
- 3, 5, 9 and 16 m3h multi combo's
- 10 and 16 bar ratings
- Stainless steel bases
- Stainless steel manifolds and piping
- AS4020 ball valves
- 240V Single or 415V 3 phase
- DrivE-Tech VFD by Franklin Electric
- Pressure tank
- Isolator switches, transducers, gauges

Multiple combinations:

- 1 DrivE-Tech with 1 pump plus 1 or 2 more pumps
- 1 to 8 pumps in parallel and each one wired to a DrivE-Tech
- For 1 up to 8 DrivE-Tech with same number of pumps plus additional 1 or 2 pumps

Competitive pricing for our VR single and duplex base ups with DrivE-Techs is attached and will be included in our next Price List reprint along with VR Triplex pump set pricing.

Triplex competitive pricing is available POA at present.

Your Franklin Area Sales Manager can assist with any questions on VR base ups, options and tailored to give you pumping solutions.
