

SubDrive FLEXI PAK your flexible pumping solution

- 6 Pump Ends
- 1 SubDrive 75 controller
- 1 Motor 4" 1,1kW
- 1 Manifold
- 1 Bore cap
- 1 18 L Pressure Tank

Gives you 100s of pumping options

Why stock possibly 8 or more pumps and 16 different motors when 1 SubDrive FLEXI PAK will cover the majority of your 4" pumping needs and give you flexibility to quickly deliver and install a constant pressure pump system to your customers.

Lower your stocking costs yet improve your potential to offer fast pumping solutions.

Sell a SubDrive unit from your FLEXI PAK and simply replace it with a standard QuickPAK and you are back to having all of your pumping solutions and flexibility on hand.
