

1, 2, 3, 4 or Single, Duplex, Triplex and Quad – the base ups are building

In our November release we noted that Triplex base-ups were POA. Attached is Triplex pricing along with Quad base-ups being now available too.

VR base ups offer a highly professional pump set in various combinations of pumps, bases, and drives, all prewired and ready to be installed for Industrial, Building Services, Commercial, HVAC, Domestic and Irrigation applications.

VR base ups feature:

- Compact design
- 3, 5, 9 and 16 m³h multi combo's
- 10 and 16 bar ratings
- Stainless steel bases
- Stainless steel manifolds and piping
- AS4020 ball valves
- 240V Single or 415V 3 phase
- Drive-Tech VFD by Franklin Electric
- Pressure tank
- Isolator switches, transducers, gauges

1, 2, 3, 4 or Single, Duplex, Triplex and Quad

Multiple combinations:

- 1 DrivE-Tech with 1 pump plus 1 or 2 more pumps
- 1 to 8 pumps in parallel and each one wired to a DrivE-Tech
- For 1 up to 8 DrivE-Tech with same number of pumps plus additional 1 or 2 pumps

Ball Valves, Check Valves & Pressure Tanks are Watermark approved.
VR pumps are ASNZS 4020 Drinking Water approved.

Your Franklin Area Sales Manager can assist with any questions on VR base ups, available options and tailored to suit your specific needs to give you the best System Solution.
