

## F60 Kelco Digital Pump Controller

Kelco, a leading Australian Company for pump related switches, floats and controllers have released their new simple to use and powerful F60 Digital Pump Controller.

The F60 monitors system pressure and flow to ensure complete pump protection.

- Multi voltage operation
- Displays pressure and set points
- 12 programmable timers built in
- 40 Amp solid state drive
- 30 Amp primary pump relay
- Dedicated 16 amp alarm relay
- 20 Bar pressure rating
- Suits 25mm and larger pipes
- Accepts remote input
- IP67 rated
- Single and 3 phase provided a 220-240 VAC or 24 VAC supply is available at the installation site

Part Number	Description	List Price exc GST
305 701 351	F60 Digital Pump Controller 220-240 VAC and 24V AC or 24V DC operation	\$530.00

Also a new F29 Programmable Flow switch and the F30 Digital Pressure switch have been released. Data Sheets are attached.

Due to these 3 new digital products, other existing Kelco models have been discontinued including the E10, E20, F26, F27, F28, F29, F40, F50, PG20 and V25, all available until sold out.

Please refer to our attached price page CON-1 for all the new products and discontinued lines.

Thank you for using Franklin Electric quality Pumps, Motors, Drives and Controls.
