

## Pioneer Pumps in Australia

We are pleased to announce that Pioneer Pumps has commenced operations in Australia.

Pioneer Pump is a part of the Franklin Electric group of Companies.

Founded in 1998 in Canby, Oregon, USA, Pioneer Pumps is a leading global Pump Company servicing agriculture, mining, construction, defence, municipal, oil and gas, industrial and rental.

Leading-edge hydraulic engineering makes Pioneer Pumps centrifugal pumps the highest performing pumps on the market.

Pioneer Pumps provide better flow, higher head, greater efficiency, and unparalleled service designed to meet your unique challenges.

Pioneer Pump's has commenced in Australia as a stand alone entity from September 2013 led by Steve Bosnar located in our 2,000 sqm manufacturing facility in Sunshine West, Victoria.

Pioneer Pump's sells through a separate specialised network of dealers and distributors. Pioneer products have been sold and supported to the Australian and New Zealand markets since 2003.

You can contact Pioneer Pump directly on Tel: 03 9988 1650, Fax: 03 9988 1666 or visit;
