## New Product: VN series

Adding to our successful range the CS series, 5" close coupled submersible pumps, we are pleased to announce the addition of a 9 m<sup>3</sup>/h model.

The VN-9 utilizes our premium design in an all 304 stainless steel construction.

Between the CS and VN range we can offer flows for 3, 5 and now 9 m<sup>3</sup>/h for your applications such as;

- Pressure boosting
- Rainwater collection
- Dewatering
- Fountains
- Irrigation – Sprinklers
- Wash down units

The VN series, 9 m<sup>3</sup>/h features:

- Compact close coupled design
- Robust and rust resistant
- Maximum head of 11 bar, 110 metres
- Working pressure; 15 bar
- Immersion depth up to 20 metres
- Solids up to 2mm at 50 gr/m<sup>3</sup>
- Single and 3 phase models
- All single phase VN 9 have external control box
- 20 metre power cable
- Optional Float switch – Level control
- Made in Italy

Your Franklin Area Sales Manager can assist with any questions on the VN series and CS series of pumps.
