New Product: 600FS - 316SS - 14 Inch Pump

We are pleased to announce the extension of our rugged and reliable FS range of cast 316SS submersible pump ends, the nominal 600 m³/h FS600 pump series.

The FS range of submersible pumps have been engineered in all 316SS for efficient and reliable pumping of liquids in mining, industrial, municipal, marine and agricultural applications.

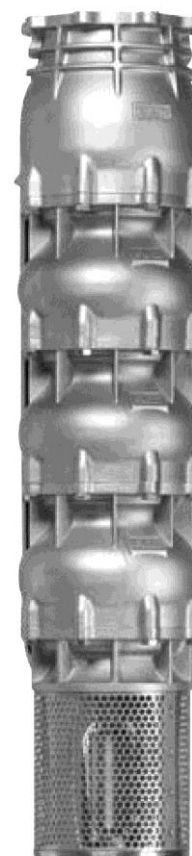

600FS pump features:

- Flows up to 780 m³/h
- 316SS discharge and suction bracket
- 316SS Stainless Steel bowls
- Stainless Steel impellers and diffusers
- Impellers locked onto shaft with keys
- Rubber and PTFE bearings
- Integrated Non Return Valve
- 329SS duplex pump shaft for increased durability
- Flanged discharges
- Made in Italy
- Compatible with Franklin Electric submersible motors
 - Standard WW, 316SS and 904L motors
 - 415V and 1,000V 50Hz 3ph motors
- FS pump range; 40 to 780 m³/h
- FS sizes; 8" – 10" – 12" and 14"

Attached are price pages and the 600FS data booklet with curves.
Printed price pages will be available via our next print update.
