2014 Irrigation Exhibition and Conference

Visit us: Stand 608

We invite all of you to visit us on stand 608 at the upcoming National biennial 2014 Irrigation Exhibition and Conference being held on the Gold Coast, 2-6 June. Exhibition days are Wednesday 4 June and Thursday 5 June

Plenty to see and catch up on during your visit to the Franklin stand, to highlight some;

- Jet Pumps
- 10" stainless steel fabricated submersible pumps, 108, 120, 160 and 215 m³/h
- Aluminum and Polycarbonate Engine driven portable pumps
- 6" High Efficiency submersible system with Pump/synchronous Motor/Drive
- VR Series 30 and 45 m³/h vertical multistage pumps in 3 constructions types
- T Series cast iron submersible pumps, 5" – 7" – 8" and 10" sizes up to 300+ m³/h
- SVM 4" pumps for flows up to 20 m³/h
- Tank Fill panels and Level Control panels

A lot is happening in 2014 as we further expand our product offerings and Systems Solutions for you.
